#### **EXECUTIVE SUMMARY**

### AUDIT EXAMINATION OF THE EDMONSON COUNTY FISCAL COURT

June 30, 2010

The Auditor of Public Accounts has completed the audit of the Edmonson County Fiscal Court for fiscal year ended June 30, 2010. We have issued an unqualified opinion on the governmental activities, business-type activities, each major fund, and the aggregate remaining funds of Edmonson County.

#### **Financial Condition:**

The fiscal court had net assets of \$6,253,521 as of June 30, 2010. The fiscal court had unrestricted net assets of \$1,418,956 in its governmental activities as of June 30, 2010, with total net assets of \$6,000,612. In its business-type activities, total net cash and cash equivalents were \$189 with total net assets of \$252,909. The fiscal court had total debt principal as of June 30, 2010 of \$835,000 with \$60,000 due within the next year.

#### **Deposits:**

The fiscal court's deposits were insured and collateralized by bank securities and bonds.

## CRIT LUALLEN AUDITOR OF PUBLIC ACCOUNTS

To the People of Kentucky
Honorable Steven L. Beshear, Governor
Jonathan Miller, Secretary
Finance and Administration Cabinet
Honorable N. E. Reed, Edmonson County Judge/Executive
Members of the Edmonson County Fiscal Court

#### Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Edmonson County, Kentucky, as of and for the year ended June 30, 2010, which collectively comprise the County's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Edmonson County Fiscal Court. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in <u>Government Auditing Standards</u> issued by the Comptroller General of the United States, and the <u>Audit Guide for Fiscal Court Audits</u> issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note 1, Edmonson County, Kentucky, prepares its financial statements in accordance with the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining funds of Edmonson County, Kentucky, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with the modified cash basis of accounting described in Note 1.

The Management's Discussion and Analysis and Budgetary Comparison Schedules are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

To the People of Kentucky
Honorable Steven L. Beshear, Governor
Jonathan Miller, Secretary
Finance and Administration Cabinet
Honorable N. E. Reed, Edmonson County Judge/Executive
Members of the Edmonson County Fiscal Court

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Edmonson County, Kentucky's basic financial statements. The accompanying supplementary information and combining fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated March 8, 2011 on our consideration of Edmonson County, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> and should be considered in assessing the results of our audit.

Respectfully submitted,

Crit Luallen

#### Management's Discussion and Analysis June 30, 2010

The financial management of Edmonson County, Kentucky offers readers of Edmonson County's financial statements this narrative overview and analysis of the financial activities of Edmonson County for the fiscal year ended June 30, 2010. We encourage readers to consider the information presented in conjunction with other information that we have furnished in our letter of transmission and notes to the financial statements.

#### **Financial Highlights:**

- Edmonson County had net assets of \$6,253,521 as of June 30, 2010. The fiscal court had unrestricted net assets of \$1,418,956 in the governmental funds as of June 30, 2010, with total net assets of \$6,000,612. In the enterprise fund, cash and cash equivalents were \$189 with total net assets of \$252,909. Total debt principal as of June 30, 2010 was \$835,000 with \$60,000 due within one year.
- The governmental fund's total net assets increased by \$43,985 from the prior year.
- At the close of the current fiscal year, Edmonson County governmental funds reported current assets of \$1,418,956. Of this amount, \$1,370,076 is available for spending at the government's discretion (unreserved fund balance).
- Edmonson County's total indebtedness at the close of fiscal year June 30, 2010 was \$835,000 of which \$775,000 is long-term debt (due after 1 year) and \$60,000 is short-term debt (to be paid within 1 year). Debt reductions were \$65,000 due to debt payments.

#### **Overview of the Financial Statements:**

This management discussion and analysis is intended to serve as an introduction to Edmonson County's basic financial statements. Edmonson County's basic financial statements are comprised of three components: (1) government wide financial statements, (2) fund financial statements, and (3) notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

GASB 34 requires management to include certain comparison schedules when they are available. The schedules include prior and current comparisons of general revenues by major source, and program expenses by function.

#### **Government-wide Financial Statements:**

The government-wide financial statements are designed to provide readers with a broad overview of Edmonson County's finances, in a manner similar to a private-sector business.

The *Statement of Net Assets* presents information on all of Edmonson County's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of Edmonson County is improving or deteriorating.

The *Statement of Activities* presents information showing how the government's net assets changed during the fiscal year. All changes in net assets are reported on a modified cash basis of accounting. Basis of accounting is a reference to when financial events are recorded, such as timing for recognizing revenues, and related assets and liabilities.

Under the county's modified cash basis of accounting, revenues and expenses and related assets and liabilities are recorded when they result from a cash transaction, except for the recording of depreciation expense on capital assets in the government-wide financial statements for all activities and in the fund financial statements for the proprietary fund financial statements.

As a result of the use of the modified cash basis of accounting, certain assets and their related revenues (such as amounts billed for services provided, but not collected) and accounts payable (expenses for goods and services received but not paid) or compensated absences are not recorded.

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). Edmonson County's governmental activities include general government, protection to persons and property, roads, recreation, social services, debt service, and general health and sanitation. Edmonson County has one business type activity – Public Properties Corporation which is the Courthouse Annex Bonds.

#### **Fund Financial Statements:**

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Edmonson County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Edmonson County can be divided into three broad categories: *governmental funds*, *proprietary funds*, *and fiduciary funds*.

#### **Governmental Funds:**

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's current financing requirements.

#### **Governmental Funds: (Continued)**

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government – wide financial statements. By doing so, readers may better understand the long-term impact of the government's current financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Edmonson County maintains (7) seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances.

#### **Major Funds:**

- General Fund
- Road Fund
- E-911 Fund

#### **Non-major Funds:**

- Jail Fund
- Local Government Economic Assistance Fund (LGEA)
- Community Development Block Grant Fund (CDBG)
- Parks and Recreation Fund

Edmonson County adopts an annual appropriated budget for its major governmental funds. A budgetary comparison statement has been provided for each of the major funds to demonstrate compliance with their budgets.

#### **Proprietary Funds:**

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Public Properties Corporation Fund.

#### **Fiduciary Funds Financial Statements:**

These funds are used to account for resources held for custodial purposes. Fiduciary funds are not reflected in the government-wide financial statements because the recourses of these funds are not available to support the programs of the County. The accounting used for fiduciary funds is much like that used for proprietary funds. The County's fiduciary fund is the Room Tax Fund.

#### **Notes to the Financial Statements:**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

#### Financial Analysis Of The County As A Whole:

**Net Assets:** As noted earlier, net assets may serve over time as a useful indicator of a government's financial position.

#### **Changes in Net Assets:**

Governmental Activities. Edmonson County's net assets increased by \$43,985 in fiscal year 2010.

#### **Financial Analysis of County's Funds:**

As noted earlier, Edmonson County uses fund accounting to ensure and demonstrate compliance with finance-related requirements.

#### Governmental Funds Overview:

The focus of Edmonson County governmental funds is to provide information on current inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of June 30, 2010, fiscal year, the combined ending fund balances of County governmental funds were \$1,418,956. Approximately 97% (\$1,370,076) of this consists of unreserved fund balance, which is available as working capital and for current spending in accordance with the purposes of the specific funds. The remainder of fund balance (\$48,880) is reserved to indicate that it is not available for new spending because it is committed for the various encumbrances.

The County has (3) three major governmental and (4) four non-major funds.

#### Major Funds:

- General Fund
- Road Fund
- E-911 Fund

#### Non-major Funds:

- Jail Fund
- Local Government Economic Assistance Fund
- Community Development Block Grant (CDBG)
- Parks and Recreation Fund
- 1. The General Fund is the chief operating fund of Edmonson County. At the end of June 30, 2010 fiscal year, unreserved fund balance of the General Fund was \$951,362. The County received \$903,352 in real and personal property, motor vehicle, and other taxes for approximately 51% of the county's general revenues. Intergovernmental revenues and various other service fees and miscellaneous revenues contribute to the remaining 49% of revenues. The General Fund expenditures for fiscal year 2010 were \$1,635,699.
- 2. The Road Fund is the fund related to County road construction and maintenance. The Road Fund had a \$112,835 unreserved fund balance at June 30, 2010. The fiscal year 2010 expenditures for the Road Fund were \$1,068,067. Expenditures decreased due to the decrease of \$242,793 over 2009 due to the county not participating in the lease/purchase Mack Truck Program.

#### **Financial Analysis of County's Funds:**

Governmental Funds Overview: (Continued)

- 3. The E-911 Fund is used to develop and maintain the enhanced 911 system for Edmonson County. The money for this fund is received from phone surcharge taxes for Commercial Mobile Radio Systems (CMRS). The E-911 Fund had a balance of \$158,735 as of June 30, 2010. This is a decrease of \$11,340 over last year due to an increase in maintenance costs for the system.
- 4. The Jail Fund is used to pay for expenses pertaining to our prisoners such as, housing, medical bills, transportation, and various supporting expenses. The Jail Fund received \$82,665 from State allotments; court costs, DUI, and bond acceptance fees; and \$8,626 from prisoner reimbursements. The General Fund also contributed \$100,000 to the Jail Fund. Expenditures for the fiscal year 2010 were \$180,822. Expenditures showed a \$29,949 increase due to the increase due to the increased cost of housing prisoners.
- 5. The Local Government Economic Assistance Fund (LGEA) is money received from mineral severance tax and distributed to the counties by the State Treasury. These funds can only be spent for specific purposes set forth by the state. The Local Government Economic Assistance Fund had a fund balance of \$65,754 as of June 30, 2010. The county received \$88,028 from Mineral Severance and \$202 from interest.
- 6. The Community Development Block Grant Fund (CDBG) Fund had a balance of \$54,211 as of June 30, 2010. These funds were recaptured from a CDBG loan to Whitewood Industries located in Edmonson County. These funds are restricted to approved Industrial Development projects.
- 7. The Parks and Recreation Fund is used to pay expenses pertaining to our recreational parks. The Parks and Recreation Fund had a balance of \$4,502 as of June 30, 2010. This fund is supported by revenues received from a Recreation Tax and transfers from the General Fund. The Recreational Tax revenues are managed by the Recreation Tax Commission. We also have received several grants which have allowed us to make huge improvements to our parks. We have been able to purchase and begin developing Bee Spring Park.

#### Proprietary Funds Overview:

The Public Properties Corporation (PPC) is our only Proprietary Fund. The PPC was set up to handle the bonds sold to generate the funds for the construction of the Courthouse Annex. The Association of Counties (AOC) makes all payments to this fund, and no county funds are used to pay off this debt. These bonds are due to be paid off in 2023. The principal debt owed on these bonds as of June 30, 2010 was \$835,000.

#### **General Fund Budgetary Highlights:**

Edmonson County's budget was amended during the fiscal year increasing the General Fund budgeted amount by \$146,300. The amendments included \$40,270 in grants and \$61,130 in FEMA Ice Strom Reimbursements, \$32,900 in Delinquent Taxes, \$12,000 in reimbursements, and \$10,000 in prior year carryover.

The General Fund ended the year with \$951,362 which is a increase of \$206,016. The largest part of the increase was due to a decrease in expenditures.

#### **Capital Assets and Debt Administration**

#### Capital Assets:

Edmonson County's investment in capital assets for its government and business type activities as of June 30, 2010, amount to \$5,669,376 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements to land other than buildings, machinery and equipment, vehicles, current infrastructure additions, and construction in progress for park improvements. Edmonson County has elected to report infrastructure assets per GASB 34 provisions.

#### Long-Term Debt:

At the end of the 2010 fiscal year, Edmonson County had total bonded debt outstanding of \$835,000 from Courthouse Annex Bonds (PPC).

#### **Other Matters:**

The following factors are expected to have a significant effect on the County's financial position or results of operations and were taken into account in developing the 2010 fiscal year budget:

- The 2011 fiscal year adopted budget continues most services at current levels.
- The Jail Fund costs were considered when preparing the budget, and health, liability, and worker's comp insurance premiums continue to cause concerns.
- The Industrial Park is still showing signs of economic growth for the County. The Industrial Authority continues to recruit new industries for the park.
- The County continues to be a Drug Task Force partner with Barren County this year.
- As a small county, Edmonson County has been able to grow and maintain the same level of services even though we do not have an insurance or occupational tax.

#### **Requests for Information:**

The financial report is designed to provide a general overview of Edmonson County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this or requests for additional information should be addressed to the Edmonson County Treasurer, P.O. Box 353, Brownsville, Ky. 42210.

#### EDMONSON COUNTY NOTES TO FINANCIAL STATEMENTS

June 30, 2010

#### Note 1. Summary of Significant Accounting Policies

#### A. Basis of Presentation

The county prepares its government-wide and fund financial statements in accordance with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, assets, liabilities, and related revenues and expenditures are recorded when they result from cash transactions, with a few exceptions. This modified cash basis recognizes revenues when received and expenditures when paid. Receivables are recognized on the Statement of Net Assets, but receivables are not included and recognized on Balance Sheet - Governmental Funds. Property tax receivables, accounts payable, compensated absences, and donated assets amount other items are not reflected in the financial statements.

Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however, encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance (Reserved for Encumbrances).

The State Local Finance Officer does not require the county to report capital assets and infrastructure; however, the value of these assets is included in the Statement of Net Assets and the corresponding depreciation expense is included on the Statement of Activities.

#### **B.** Reporting Entity

The financial statements of Edmonson County include the funds, agencies, boards, and entities for which the fiscal court is financially accountable. Financial accountability, as defined by Section 2100 of the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards, as amended by GASB 14 and GASB 39, was determined on the basis of the government's ability to significantly influence operations, select the governing authority, participate in fiscal management and the scope of public service. Consequently, the reporting entity includes organizations that are legally separate from the primary government. Legally separate organizations are reported as component units if either the county is financially accountable or their exclusion would cause the county's financial statements to be misleading or incomplete. Component units may be blended or discretely presented. Blended component units either provide their services exclusively or almost entirely to the primary government, or their governing bodies are substantively the same as the primary government. The county has no discretely presented component units.

#### Blended Component Unit

#### Edmonson County Public Properties Corporation

Fiscal Court has the authority to appoint a voting majority of the Public Properties Corporation's (PPC) Board of Directors. Fiscal Court also has the ability to approve or modify the PPC's budget, approve or modify rate or fee changes affecting revenues, veto, overrule, or modify decisions of the Board of Directors, or otherwise impose its will on the PPC. In addition, Fiscal Court is financially accountable for the PPC, legally entitled to the PPC's resources, as well as legally obligated for the PPC's debt. Financial information for the PPC is blended within Edmonson County's financial statements. All activities of the PPC are accounted for within a major enterprise fund.

#### **Note 1.** Summary of Significant Accounting Policies (Continued)

#### **B.** Reporting Entity (Continued)

Kentucky law provides for election of the officials below from the geographic area constituting Edmonson County. Pursuant to state statute, these officials perform various services for the Commonwealth of Kentucky, its judicial courts, the fiscal court, various cities, and special districts within the county, and the board of education. In exercising these responsibilities, however, they are required to comply with state laws. Audits of their financial statements are issued separately and individually and can be obtained from their respective administrative offices. These officials are not part of the Edmonson County reporting entity.

- Circuit Court Clerk
- County Attorney
- Property Valuation Administrator
- County Clerk
- County Sheriff

#### C. Government-wide and Fund Financial Statements

The government—wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its non-fiduciary component units. For the most part, the effect of interfund activities has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on sales, fees, and charges for support. Business-type revenues come mostly from fees charged to external parties for goods or services. Fiduciary funds are not included in these financial statements due to the unavailability of fiduciary funds to aid in the support of government programs.

The statement of net assets presents the reporting entity's non-fiduciary assets and liabilities, the difference between the two being reported as net assets. Net assets are reported in three categories:

1) invested in capital assets, net of related debt - consisting of capital assets, net of accumulated depreciation and reduced by outstanding balances for debt related to the acquisition, construction, or improvement of those assets; 2) restricted net assets - resulting from constraints placed on net assets by creditors, grantors, contributors, and other external parties, including those constraints imposed by law through constitutional provisions or enabling legislation; and 3) unrestricted net assets - those assets that do not meet the definition of restricted net assets or invested in capital assets.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: l) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; 2) operating grants and contributions; and 3) capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Internally dedicated resources such as taxes and unrestricted state funds are reported as general revenues.

#### **Note 1.** Summary of Significant Accounting Policies (Continued)

#### **C.** Government-wide and Fund Financial Statements (Continued)

Generally and except as otherwise provided by law, property taxes are assessed as of January 1, levied (mailed) November 1, due at discount November 30, due at face value December 31, delinquent January 1 following the assessment, and subject to lien and sale the 3<sup>rd</sup> Saturday in April following the delinquency date.

Funds are characterized as either major or non-major. Major funds are those whose assets, liabilities, revenues, or expenditures/expenses are at least ten percent of the corresponding total (assets, liabilities, etc.) for all funds or type (governmental or proprietary) and whose total assets, liabilities, revenues, or expenditures/expenses are at least five percent of the corresponding total for all governmental and enterprise funds combined. The fiscal court may also designate any fund as major.

Separate financial statements are provided for governmental funds and proprietary funds. A separate financial statement is not provided for fiduciary funds, since assets and liabilities were \$0 as of June 30, 2010. Major individual governmental funds and major enterprise funds are reported as separate columns in the financial statements.

#### **Governmental Funds**

The primary government reports the following major governmental funds:

General Fund - This is the primary operating fund of the Fiscal Court. It accounts for all financial resources of the general government, except where the Department for Local Government requires a separate fund or where management requires that a separate fund be used for some function.

Road Fund - This fund is for road and bridge construction and repair. The primary source of revenue for this fund is state payments for truck license distribution, municipal road aid, and transportation grants. The Department for Local Government requires the Fiscal Court to maintain these receipts and expenditures separately from the General Fund.

E-911 Fund - This fund is for emergency 911 communications. The primary source of revenue for this fund is surcharge taxes for Commercial Mobile Radio Systems (CMRS). The state distributes CMRS monies to counties to supplement 911 operations. The Department for Local Government requires the fiscal court to maintain these receipts and expenditures separately from the General Fund.

The primary government also has the following non-major funds: Jail Fund, Local Government Economic Assistance Fund, Community Development Block Grant Fund, and Parks and Recreation Fund.

#### Special Revenue Funds:

The Road Fund, Jail Fund, Local Government Economic Assistance Fund, Community Development Block Grant Fund, Parks and Recreation Fund and E-911 Fund are presented as special revenue funds. Special revenue funds are to account for the proceeds of specific revenue sources and expenditures that are legally restricted for specific purposes.

#### **Note 1.** Summary of Significant Accounting Policies (Continued)

#### C. Government-wide and Fund Financial Statements (Continued)

#### **Proprietary Fund**

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with proprietary funds' principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### **Enterprise Fund:**

The principal operating revenue of the county's enterprise fund is charges for rent in the Edmonson County Public Properties Corporation Fund. Operating expenses for the enterprise fund include administrative expenses and depreciation on capital assets. The government has elected not to adopt Financial Accounting Standards Board (FASB) Statements or Interpretations issued November 30, 1989, unless the Governmental Accounting Standards Board (GASB) adopts such FASB Statements or Interpretations.

The primary government reports the following major proprietary fund:

Edmonson County Public Properties Corporation (PPC) - The PPC accounts for the activities of the PPC, a blended component unit of the Fiscal Court. The PPC issued debt to build facilities and additions to the justice center. The PPC entered into a contract, lease, and option with the Fiscal Court and Administrative Office of the Courts (AOC), Commonwealth of Kentucky.

#### **Fiduciary Fund**

Fiduciary funds report only those resources held in a trust or custodial capacity for individuals, private organizations, or other governments. The county's agency fund is used to account for monies held by the county in the Room Tax Fund for custodial purposes only. Unlike other funds, the agency fund reports assets and liabilities only; therefore, it has no measurement focus.

The primary government reports the following major fiduciary fund:

Room Tax Fund - This fund accounts for funds received from lodging establishments and remitted to the Edmonson County Tourism Commission. As of June 30, 2010, the Room Tax Fund's assets and liabilities were \$0.

#### D. Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition.

KRS 66.480 authorizes the county to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

#### **Note 1.** Summary of Significant Accounting Policies (Continued)

#### E. Capital Assets

Capital assets, which include land, land improvements, buildings, furniture and office equipment, building improvements, machinery, equipment, and infrastructure assets (roads and bridges) that have a useful life of more than one reporting period based on the government's capitalization policy, are reported in the applicable governmental or business-type activities of the government-wide financial statements. Such assets are recorded at historical cost when purchased or estimated historical cost when constructed.

Cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Land and Construction in Progress are not depreciated. Interest incurred during construction is not capitalized. Capital assets and infrastructure are depreciated using the straight-line method of depreciation over the estimated useful life of the asset.

	Capitalization		Useful Life
	Tl	nreshold	(Years)
Land Improvements	\$	25,000	10-60
Buildings		75,000	10-75
Building Improvements		50,000	10-60
Machinery and Equipment		15,000	3-25
Vehicles		15,000	3-10
Infrastructure		50,000	10-50
Office Equipment		10,000	3-15
Office Furniture		1,000	3-15

#### F. Long-term Obligations

In the government-wide financial statements and proprietary funds in the fund financial statements, long term debt and other long-term obligations are reported as liabilities in the applicable financial statements. The principal amount of bonds, notes, and financing obligations are reported.

In the fund financial statements, governmental fund types recognize bond interest, as well as bond issuance costs when received or when paid, during the current period. The principal amount of the debt and interest are reported as expenditures. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures. Debt proceeds are reported as other financing sources.

#### Note 1. Summary of Significant Accounting Policies (Continued)

#### G. Fund Equity

In the fund financial statements, the difference between the assets and liabilities of governmental funds is reported as fund balance. Fund balance is divided into reserved and unreserved components, with unreserved considered available for new spending. Unreserved fund balances may be divided into designated and undesignated portions. Designations represent fiscal court's intended use of the resources and should reflect actual plans approved by the fiscal court.

Governmental funds report reservations of fund balance for amounts that are legally restricted by outside parties for use for a specific purpose and encumbrances.

"Reserved for Encumbrances" are purchase orders that will be fulfilled in a subsequent fiscal period. Although the purchase order or contract creates a legal commitment, the fiscal court incurs no liability until performance has occurred on the part of the party with whom the fiscal court has entered into the arrangement. When a government intends to honor outstanding commitments in subsequent periods, such amounts are encumbered. Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however, encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance.

#### H. Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

#### I. Related Organizations and Joint Venture

A related organization is an entity for which a primary government is not financially accountable. It does not impose will or have a financial benefit or burden relationship, even if the primary government appoints a voting majority of the related organization's governing board. The primary government's accountability for related organizations does not extend beyond making appointments. Based on these criteria, the following are considered related organizations of Edmonson County Fiscal Court: Edmonson County Industrial Authority, Inc., Edmonson County Ambulance Service, and Edmonson County Recreational Tax Commission.

A legal entity or other organization that results from a contractual agreement and that is owned, operated, or governed by two or more participants as a separate activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility is a joint venture. Based upon these criteria, the Edmonson County-City of Brownsville Planning and Zoning Commission is considered a joint venture of the Edmonson County Fiscal Court.

#### Note 2. Deposits

The primary government maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC) as required by KRS 66.480(1)(d). According to KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the County and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. These requirements were met.

#### Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a depository institution failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk but rather follows the requirements of KRS 41.240(4). As of June 30, 2010, public funds were covered by FDIC insurance or a properly executed collateral security agreement.

Note 3. Capital Assets

Capital asset activity for the year ended June 30, 2010 was as follows:

	Reporting Entity

Total Depreciation Expense - Business-Type Activities	\$	25,560

#### Note 4. Long-term Debt

#### First Mortgage Revenue Refunding Bonds, Series 2004

On October 1, 2004, the Edmonson County Public Properties Corporation issued \$1,190,000 of First Mortgage Revenue Refunding Bonds to advance refund the First Mortgage Revenue Bonds, Series 1997, issued by the Edmonson County Public Properties Corporation for the construction of the Courthouse Annex. The 2004 series bonds were issued at various rates from 2.00% through 4.40%. The final maturity date of the 2004 series bonds is March 1, 2023. Total bonds outstanding as of June 30, 2010 totaled \$835,000. Future principal and interest requirements are:

	<b>Business-Type Activities</b>				
Fiscal Year Ended					
June 30	Principal Inter		Principal Interes		
2011	\$	60,000	\$	33,203	
2012		65,000		31,163	
2013		70,000		28,953

2015		55,000		24,453	
2016-2020		335,000		85,142	
2021-2023		195,000		16,060	
Totals	\$	835,000	\$	245,407	

#### **Note 4.** Long-term Debt (Continued)

#### A. Changes In Long-term Liabilities

Long-term liability activity for the year ended June 30, 2010, was as follows:

	Beginning			Ending	Due Within
	Balance	Additions	Reductions	Balance	One Year
Business-Type Activities:					
Revenue Refunding Bonds	\$ 900,000	\$	\$ 65,000	\$ 835,000	\$ 60,000
Business-Type Activities	\$ 900,000	\$	\$ 65,000	\$ 835,000	\$ 60,000
Long-term Liabilities	\$ 900,000	<u> </u>	\$ 05,000	\$ 655,000	\$ 60,000

#### Note 5. Employee Retirement System

The fiscal court has elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems. This is a cost sharing, multiple employer defined benefit pension plan, which covers all eligible full-time employees and provides for retirement, disability and death benefits to plan members. Benefit contributions and provisions are established by statute.

Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. Nonhazardous covered employees who begin participation on or after September 1, 2008 are required to contribute 6 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 16.16 percent.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Nonhazardous employees who begin participation on or after September 1, 2008 must meet the rule of 87 (members age plus years of service credit must equal 87, and the member must be a minimum of 57 years of age) or the member is age 65, with a minimum of 60 months service credit.

Historical trend information showing the CERS' progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Retirement Systems' annual financial report. This report may be obtained by writing the Kentucky Retirement Systems, 1260 Louisville Road, Frankfort, KY 40601-6124, or by telephone at (502) 564-4646.

#### **Note 6.** Deferred Compensation

On March 12, 2003, the Edmonson County Fiscal Court voted to allow all eligible employees to participate in deferred compensation plans administered by the Kentucky Public Employees' Deferred Compensation Authority. The Kentucky Public Employees' Deferred Compensation Authority is authorized under KRS 18A.230 to 18A.275 to provide administration of tax sheltered supplemental retirement plans for all state, public school and university employees and employees of local political subdivisions that have elected to participate. These deferred compensation plans permit all full time employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Participation by eligible employees in the deferred compensation plans is voluntary.

Historical trend information showing the Kentucky Public Employees' Deferred Compensation Authority's progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Public Employees' Deferred Compensation Authority's annual financial report. This report may be obtained by writing Kentucky Public Employees' Deferred Compensation Authority at 101 Sea Hero Road, Suite 110, Frankfort, KY 40601-8862, or by telephone at (502) 573-7925.

#### Note 7. Insurance

For the fiscal year ended June 30, 2010, Edmonson County was a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of a collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

#### **Note 8.** Prior Period Adjustment

The prior year net asset ending balances have been restated for the following:

	Governmental Activities					
Net Assets Ending Balance Prior Year			\$5,738,351			
Plus: Capital Assets Not Included In Prior Year Accumulated Depreciation Of Capital Assets Not Included In Prior Year	\$	398,732 (129,780)				
Less: Capital Assets Erroneously Included In Prior Year		(50,676)				
Subtotal To Asset Adjustment			218,276			
Net Assets Beginning Balance - Restated		;	\$5,956,627

## EDMONSON COUNTY NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

#### June 30, 2010

#### **Budgetary Information**

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

### CRIT LUALLEN AUDITOR OF PUBLIC ACCOUNTS

The Honorable N. E. Reed, Edmonson County Judge/Executive Members of the Edmonson County Fiscal Court

Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of Financial Statements Performed In Accordance With Government Auditing Standards

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Edmonson County, Kentucky, as of and for the year ended June 30, 2010, which collectively comprise the County's basic financial statements, as listed in the table of contents and have issued our report thereon dated March 8, 2011. Edmonson County presents its financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered Edmonson County Fiscal Court's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Edmonson County Fiscal Court's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Edmonson County Fiscal Court's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of Financial Statements Performed In Accordance With Government Auditing Standards (Continued)

#### **Compliance And Other Matters**

As part of obtaining reasonable assurance about whether Edmonson County's financial statements as of and for the year ended June 30, 2010, are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under <u>Government Auditing Standards</u>.

This report is intended solely for the information and use of management, others within the entity, and the Department for Local Government and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

Crit Luallen

Auditor of Public Accounts

March 8, 2011
